KEY QUALIFICATIONS AND EXPERIENCE

Specialised motion designer and 3D generalist with broad experience in product visualisation, advertising and digital campaigns. I have a strong focus on the intersection of design and technical execution, with an inherent drive to bring visual identities to life. Through strategic use of motion and 3D, I always strive to steward brands in a way that maximises their commercial and communicative impact across every touchpoint.

WORK EXPERIENCE

Motion Designer – Scandinavian Design Group (August 2023 – Present)

Developing brand and media content in the form of motion graphics, 3D visualisation, photography and more. Primarily for brands such as Maarud, Oskar Sylte, Interwell, and the Canadian Seafood Council.

Motion Designer – TBWA (January 2020 – July 2023)

Created photo, video, and graphic content for brands including Head, Geia, Onna, Miljødata and Aquathor. Specialised in motion graphics, explainer videos, and 3D/product visualisation.

FREELANCE EXPERIENCE

Content Producer – Hagecrew (June 2014 – June 2020)

Documented Hagecrew's urban farming work through film, photography and graphics published on social media. Covered every stage of production.

Film Producer and Photographer – Rockslo (May 2015 – December 2019)

Event photography and film focused on concerts and music festivals organised by Rockslo. Also served on Rockslo's board for two years as a deputy member.

Film Producer – St. Hanshaugen District (June 2017 – July 2019)

Produced films for a number of events, including "Generation Games", "Folkehelsedagene" and "Haugenfestivalen". Primary responsibility for the festival films.

Content Producer and Manager – UKM Norway (October 2016 – July 2019)

I assisted the Oslo branch as a content producer and manager for web and social media. I was also part of their youth resource group (URG). In addition, I assisted with a range of other creative tasks, including project management, multi-camera productions, and more.

Production Supervisor – Smartprat (April 2015 – June 2017)

Local producer and project manager for a multi-camera production focused on livestreaming talks. For a period, also streamed to NRK.
