Letter of recommendation to Sahil Singh

To Whom It May Concern

23.10.2026

We recruited Sahil straight out of university when we were looking for junior talent to assist with basic animation and editing needs. We quickly realized that Sahil possessed exceptional technical capabilities, demonstrating an impressive ability to tackle complex challenges and master new software in record time.

Over the past six years, Sahil's skillset has expanded exponentially. Beyond his expertise in animation, he has developed strong proficiency in 3D rendering, content creation, website development, backend management, AI tools amongst others. Recently, he even took on the task to learn the HubSpot environment.

Sahil has been an invaluable asset to our team and a trusted collaborator for me personally. He consistently delivers high-quality work under tight deadlines and has become my go-to person for visualizing complex concepts across various brand and communication projects.

Beyond his technical accomplishments, Sahil is a cornerstone of our workplace culture. He naturally brings people together, whether by organizing team outings and holiday parties, baking birthday cakes for the entire office over the last 6 years, or running our weekly wine lottery.

Moving on from Sahil means losing far more than just a talented employee – he is a key driver of our team spirit.

While we will miss him tremendously, I fully support his ambition to take on new challenges and grow his career. He has immense potential, and any team would be fortunate to have him. On my part, I hope that our paths cross again and that we will be working together again in the future.

Please feel free to contact me if you would like any further details regarding Sahil's contributions and impact.
